Welcome to the farmyard!

A new home? Shetland ponies Choccie and Biscuit think it's a stupid idea! The boss has decided that they and all the other animals have to move. But something's not quite right at the new farmyard: unnatural noises echo through the stable at night, and people in the village say there's a ghost on the premises. Of course, Choccie has to go after it! It's just as well he's a Top Ghost Agent ...

The first volume of the successful series in English!

Creative People:

Author: Ever since she was a child, Suza Kolb has made up stories about fierce and cheeky characters – on four or just two legs. For a long time, writing had only been a hobby for the Rhinelander who now lives in Bavaria. Nowadays, the weird adventures of her heroes are becoming actual books. She mostly finds inspiration in her immediate surroundings.

Illustrator: Nina Dulleck, born in 1975, is a children's book author and illustrator. Whenever she's not drawing or writing, she looks after three feisty children together with her husband or creates funny videos about all things children's books for her YouTube channel.

Translator: Jen Calleja is a writer and translator. She has translated more than a dozen books for adults and children from German into English. In 2019, she was nominated for the Man Booker International Prize for her translation of Marion Poschmann's Die Kieferninseln.
